Governor’s Details on SSA and PK: (Source: LSA Analysis of the Governor’s Budget

Recommendation <https://www.legis.iowa.gov/docs/publications/LAGR/1520305.pdf>

The LSA Analysis shows a statewide picture of the Governor’s 2% increase for SSA, setting a state cost per pupil of \$7,983. These tables confirm the 2% funding details, including categorical funds, property tax relief, and budget guarantee, impacting 17 different budget lines:

Statewide Voluntary Preschool Program	\$ 91.4		\$ 91.1	\$ -0.3	-0.36%

Note: the recommendation increases regular program district cost statewide by \$51.7 million. Budget Guarantee grows to \$25 million, and increase of \$9.5 million, or 61.6%. TSS is up \$48.9 million (over \$450 million total), which includes an assumption on the cost for

districts to meet the escalated teacher pay minimums of \$50K and \$62K plus a growth assumption on the number of students receiving Education Savings Accounts (school districts count those resident students receiving ESAs). We believe that the TSS assumption is based on Oct. 2023 Staff BEDS data, since 2024 is not yet available to DOM which would more accurately estimate the cost. Therefore, that number is likely to change. Notice that the PD, EICS and TLC are also increased by more than the 2% growth rate, also due to ESAs per resident student, which generate those funds for the public school district.

Since school formula funding comes from state and local funds, the next two tables break those down. In the following, notice that regular program district cost grows by \$36 million in state dollars. Special education weighting is up \$14 million. (Note: the FY 2024 special education deficit statewide topped \$200 million for the first time, now \$207 million, as the growth in per pupil cost in the formula has not kept pace over the last decade with the expenditures needed to provide services in students’ IEPs.) Supplementary weighting grows by \$10.4 million. Statewide Voluntary Preschool is down half a million, based on the enrollment count in last fall’s PK classrooms.

State Aid:	FY 2025	Est. FY 2026	Est. Change	% Change
Regular Program	\$ 1,989.4	\$ 2,025.4	\$ 36.0	1.81%
Supplementary Weighting	108.4	118.8	10.4	9.55%

Statewide Voluntary Preschool Program	91.4	91.1	-0.3	-0.36%
Minimum State Aid	1.3	1.2	-0.1	
State Aid from General Fund	\$ 3,787.6	\$ 3,889.7	\$ 102.0	2.69%

Transfer from Economic Emergency Fund	8.0	0	-8.0	-100.00%
*Adjusted Additional Property Tax - SAVE Fund	29.0	31.6	2.6	9.06%
Foundation Base Supplement (FBS)	9.7	10.2	0.5	5.63%
Total State Aid (Includes Non-General Fund)	\$ 3,848.2	\$ 3,953.4	\$ 105.2	2.73%

This table provides information about property taxes. The uniform levy of \$5.40 per \$1,000 of net, assessed taxable valuation grows by 3.7%, since that’s the agreed to assumption on valuation growth by DOM and the LSA. The additional levy grows less, at 2.6%, partially because of the property tax relief paid by state aid in the prior table.

Local Property Tax:	FY 2025	Est. FY 2026	Est. Change	% Change
Uniform Levy Amount	\$ 1,156.5	\$ 1,199.3	\$ 42.9	3.71%
Additional Levy	590.1	605.4	15.3	2.60%
Total Levy to Fund Combined District Cost	\$ 1,746.5	\$ 1,804.7	\$ 58.2	3.33%
Comm/Ind - Uniform Levy Adjustments	23.9	19.3	-4.7	-19.56%
Comm/Ind - Additional Levy Adjustments	10.1	0.0	-10.1	

The LSA analysis also reports that the 2% recommendation leaves 159 districts (out of 325 statewide) on the budget guarantee, costing property taxpayers \$25 million to provide a 1% growth in RPDC compared to the prior year’s RPDC. Budget enrollment declined just over 3,000 students. Statewide categorical funds grew in total, \$59 million, to \$747.5 million, which is a growth of 8.61%. The property tax relief payment per pupil also grew just over 8%, which

combined with the foundation base supplement per pupil, delivered \$23 million in property tax relief through the formula. This last table shows this information, plus the change in budget enrollment and growth in the transportation equity program:

Miscellaneous Information:	FY 2025	Est. FY 2026	Est. Change	% Change

Governor’s Policy Recommendations on Preschool - Grants for PK/childcare partnerships

Although we are waiting for confirmation once a bill is available, the LSA explained the Governor’s proposal is an *“Early Childhood Continuum of Care Grant Program — The Governor is recommending a new Early Childhood Continuum of Care program to provide three-year grants for preschool providers and child care providers partnering to provide an all-day continuum of care for preschool-age children. Grants in the amount of \$16,000,000 would be funded with existing State Early Childhood Iowa funding and supported by federal funds through the Child Care and Development Fund. In addition, \$3,600,000 in existing Shared Visions funding, which is included in the State Child Development appropriation, would be used for preschool grants. Shared Visions programs would be required to participate in the Statewide Voluntary Preschool Program.”*

Note: The State Child Development appropriation is contained within the Department of Health and Human Services, HHS, Budget, not the Education Budget. It is found under the appropriation of Early Intervention and Supports.

Update on ESAs (Enrollment and Funding Assumptions):

ESAs are funded by a standing unlimited state general fund appropriation. Here are the costs by fiscal year, with FY 2026 being the Governor's estimated budget (2% SSA plus an estimate on how many will be awarded, either of which could change by the time school starts in August):
 FY 2024 \$129.1 million 16,757 ESA recipients
 FY 2025 \$218.0 million 27,862 ESA recipients
 FY 2026 \$314.6 million 29,415 estimated appropriation and ESA recipients
 Total nonpublic school enrollment reported on DE’s [Education Statistics](#) web page, FY 2025 is 42,898. That is an increase of 2,467 compared to the 2023-24 school year.

Subcommittee Motion: Civics Test for Graduation

A Subcommittee of the House Education Committee, including Reps. Henderson, Kniff McCulla and Levin met on Thursday and voted 2:1 on party lines to move HSB 30 forward to the full Committee. The bill requires that high school students pass the test given to new citizens by the Immigration and Naturalization Service with at least 60% correct in order to demonstrate knowledge of civics as a condition for high school graduation. It allows students to retake the test as many times as necessary. It requires the State Board of Education to administer rules regarding administration of the test. The bill does not mention accommodations for students

with IEPs, 504 plans, or being served in English-Learner programs. UEN shared our concerns at the subcommittee meeting regarding the high-stakes nature of the test, the unengaging method of multiple-choice tests, the lack of attention to students with special needs or test anxiety, and the potential cost of accessing the test and administering it. UEN is registered opposed. The Senate has scheduled their subcommittee meeting for SSB 1030 Civics Test for Graduation for Thursday, Jan. 30, at noon. Subcommittee members include Sens. Green, Quirnbach and J. Taylor.

New UEN Advocacy Resources:

Check out the updated 2025 Session Advocacy Handbook, with everything advocacy beginners and experienced pros can use to advocate with legislators, at the statehouse or back in your district. Find the handbook on the UEN Advocacy Website at: <https://www.uen-ia.org/advocacy-handbook>

The Iowa Senate Democrats publish a list of legislative forums, which they will continue to update throughout the Session. Find out if and when any forums are scheduled in your area by checking out the list here <https://iowasenatedemocrats.com/events/>. If you decide to attend and want to discuss what you might share or let us know what you heard at the forum, please reach out to margaret@iowaschoolfinance.com or call my cell (515)201-3755.

Advocacy Actions This Week:

Adequate School Funding: Contact legislators regarding SSA. The Governor's recommendation of 2.0% falls short of inflation. The teacher salary investment last year was a really good start, but SSA has to keep pace or our staff and programs for students will be compromised. See the UEN Issue Brief for additional information. The deadline for deciding SSA is Feb. 13, so the advocacy window is tightening. No bills sponsored by Republicans have yet been introduced to set the SSA rate. Additional Supports:

- Download the [UEN 2025 Adequate School Funding Issue Brief](#), providing education funding history, comparing total Iowa education expenditures per pupil, which most recently ranked our state as 35th in the nation, now spending more than \$2,000 per student LESS than the national average, and including some talking points to help you advocate with your legislators. *UEN's Legislative Priority supports an SSA rate that at least matches the inflation rate schools are experiencing.*
- [ISFIS New Authority Calculator](#) allows users to set the SSA rate and calculate the impact for all districts for FY 2026 on your regular program (not including special education or other supplemental weightings or categoricals). Enter the SSA percentage increase and your Budget Enrollment and you can compare to the new money you'd receive if the SSA rate matched inflation (either 2.9% for CPI and 3.2% for Core Inflation) compared to the Governor's Recommendation of 2.0%.

Quality Preschool and Other UEN Priorities: in every communication, find a way to mention Quality Preschool and Teacher and other Staff Shortages. Find Issue Briefs and other resources on the [UEN Website](#) to find talking points or as resources to share when you meet with policymakers.

Connecting with Legislators: To call and leave a message at the Statehouse during the legislative session, the House switchboard operator number is 515.281.3221 and the Senate switchboard operator number is 515.281.3371. You can ask if they are available or leave a message for them to call you back. You can also ask them what’s the best way to contact them during session. They may prefer email or text message or phone call based on their personal preferences.

Find out who your legislators are through the interactive map or address search posted on the Legislative Website here: <https://www.legis.iowa.gov/legislators/find>

Bill Tracker Detailing Actions on Committees, Subcommittees New Bills for the Week - 1/23/2025

Bill Number	Summary of the Bill	Declaration UEN	Starting action	Ending action	No Action This week
HF1	House File 1 mandates that school districts permit students residing in their district and enrolled in nonpublic schools to participate in extracurricular interscholastic athletic contests that are not offered by their nonpublic school. This participation is contingent upon an agreement between the school district and the nonpublic school regarding the student's eligibility. Additionally, students from contiguous school districts are also allowed to participate under similar conditions. If a fee is established for participation, it must not exceed the fee charged to students enrolled in the public school district. The bill takes effect immediately upon enactment.	opposed	introduced, referred to education. h.j. 38.	subcommittee recommends passage.	
HF10	House File 10 amends the existing law regarding the attachment of territory from a school district that is subject to an approved dissolution proposal. The bill specifies that the attachment will be effective on July 1 of the calendar year following the year in which the attachment was approved. The bill applies to dissolution propositions approved by voters on or after its effective date.	undecided	introduced, referred to education. h.j. 40.	subcommittee meeting: 01/23/2025 12:15pm house lounge.	
HF101	House File 101 introduces a new regulation regarding the issuance of bonds for public projects in Iowa. For any project where a proposition to issue bonds is approved in an election after July 1, 2025, the total amount of bonds issued cannot exceed 80% of the project's total cost. The remaining 20% must be funded through other sources.	opposed	introduced, referred to ways and means. h.j. 109.	introduced, referred to ways and means. h.j. 01/22.	
HF102	Requires each school district and accredited nonpublic school to have at least one trained employee to assist with the administration of seizure medications and vagus nerve stimulation by July 1, 2025. By December 31, 2026, all school personnel must receive training on recognizing seizures and providing first aid. The bill outlines the development of individual health plans and seizure action plans for students with known seizure disorders, ensuring that schools maintain necessary documentation and collaborate with parents and healthcare professionals. Additionally, it provides liability protections for school personnel acting in good faith to assist students with seizure needs.	opposed	introduced, referred to education. h.j. 109.	introduced, referred to education. h.j. 01/22.	
HF11	House File 11 amends the existing law regarding the start date of the school calendar for school districts and accredited nonpublic schools in Iowa. The bill specifies that this information must be made available on relevant websites and in registration documentation. The state will cover the costs associated with these requirements through	undecided	introduced, referred to health and human services. h.j. 01/14.	subcommittee recommends passage.	
HF36	House File 36 modifies the standards for judicial review of agency actions under the Iowa Administrative Procedure Act. It requires courts to interpret state statutes and agency rules de novo, without deferring to agency interpretations. The bill also mandates that courts exercise any remaining doubt in favor of interpretations that limit agency authority.	undecided	introduced, referred to judiciary. h.j. 01/14.	subcommittee recommends passage.	
HF39	The bill requires individual property tax statements to include a comparison of current and proposed tax amounts starting from fiscal years beginning July 1, 2026. Additionally, it mandates that cities must mail notifications regarding bond issuances to eligible electors, detailing the amount, purpose, and estimated tax impact of the bonds. Subcommittee members talked about a possible amendment to make reporting easier for local governments compared to current law.	undecided	introduced, referred to local government. h.j. 01/14.	tabled until future meeting.	
HF51	The bill defines 'obscene performance' and prohibits knowingly exposing minors to such performances. It establishes penalties for individuals who admit minors to premises where obscene performances occur, with aggravated misdemeanors for serious violations. The act also allows parents or guardians to file civil suits against those who disseminate obscene materials to minors, with a minimum damage award of \$10,000. Public institutions are barred from using state resources for obscene performances, and the legislation repeals previous exemptions for educational purposes.	undecided	introduced, referred to judiciary. h.j. 01/14.	introduced, referred to judiciary. h.j. 46. HF69	House File 69 amends existing laws regarding the use of alcoholic beverages on public school property. It allows school boards to authorize the sale, possession, and consumption of alcoholic liquor, wine, or beer during social events or other non-school-related functions, provided that the premises hold a five-day retail alcohol license. The bill maintains restrictions on consumption during school-related functions and establishes penalties for violations. The legislation is effective immediately upon enactment.	undecided	introduced, referred to education. h.j. 85.	rereferred to state government. h.j. 104.	No Action This week
HF76	House File 76 requires school districts, accredited nonpublic schools, charter schools, and innovation zone schools in Iowa to incorporate specific provisions related to pregnancy and fetal development into their human growth and development and health curricula. The curriculum for grades 7 and 8 must include human biology related to pregnancy, human development inside the womb, and visual aids such as a high-definition ultrasound video and computer-generated animations depicting fetal development. For grades 9 through 12, similar content is mandated in the health curriculum.	opposed	introduced, referred to education. h.j. 86.	introduced, referred to education. h.j. 86.	No Action This week
HF8	House File 8 mandates that school districts and accredited nonpublic schools create procedures for school nurses to administer broad-spectrum cannabidiol products to students. The bill defines broad-spectrum cannabidiol as a pharmaceutical-grade cannabinoid that contains no tetrahydrocannabinol (THC). Parents or guardians must provide the product along with written instructions and documentation confirming its compliance with the definition. The procedures must include a form for parental authorization and specific usage instructions.	undecided	introduced, referred to education. h.j. 39.	introduced, referred to education. h.j. 39. HF80	House File 80 aims to protect the rights of employees, contractors, and students in Iowa's school districts and charter schools by prohibiting disciplinary actions related to the use of legal names and the failure to use personal pronouns. The bill ensures that individuals can address others using their legal names as listed in school records without fear of punishment. Additionally, it allows individuals to refrain from disclosing or using personal pronouns in official communications without facing disciplinary measures. Violations of this legislation can lead to civil actions, including reinstatement and damages for affected employees. The bill defines 'disciplinary action' broadly, encompassing various forms of punishment, including termination and suspension.	undecided	introduced, referred to education. h.j. 87.	subcommittee: hayes, matson and stone. h.j. 123.	
HF88	The bill introduces significant changes to the state's education system, particularly focusing on private instruction and world language education. It allows parents to place children under competent private instruction with fewer requirements (no limit on the number of unrelated students in the home school program and allowing tuition to be charged), including the removal of immunization proof for first-time placements. The act also clarifies the definition of independent private instruction and ensures that diplomas from such programs are treated equally to traditional high school diplomas. Additionally, it prohibits the incorporation of gender-neutral language in world language instruction where applicable. The legislation increases the tuition tax credit for families with children receiving private instruction or attending accredited schools, retroactively applying to tax years beginning January 1, 2025.	opposed	introduced, referred to education. h.j. 01/17.	subcommittee meeting: 01/27/2025 11:30am rm 103.	
HF9	House File 9 provides grant funding for the school security legislation enacted last year for districts with fewer than 1,000 students. The program provides annual grants to match local funding for security personnel, with a maximum grant amount of \$50,000. The funds allocated for this program will not revert to the general fund at the end of the fiscal year, ensuring ongoing availability for future use.	undecided	introduced, referred to education. h.j. 39.	introduced, referred to education. h.j. 39.
